1922

NOVELTIES

FOR
1922

ALSO RECENT NOVELTIES AND SPECIALTIES

OF INTEREST TO ALL UP-TO-DATE GARDENERS

NOTE—Novelties are sent out in original packets. Descriptions are those of introducers.

EUROPEAN AND AMERICAN NOVELTIES

Four Splendid New Antirrhinums

“Harmony” (Majus Grandiflorum)

A striking feature of this superb new variety is its tall, stately habit and exceptionally long flower spikes. Clustering thickly on the latter are large and beautifully frilled flowers, the color being a rich terra-cotta orange, shaded with rose and merging into golden yellow at the center, a most pleasing and harmonious collection of art shades, which insures a splendid effect in any scheme of garden decoration. Per pkt., 50c.

“Empress” (Nanum Grandiflorum)

Rich velvety crimson; early blooming. Per pkt., 50c.

“Climax” (Nanum Grandiflorum)

Rich orange, shading to gold in center; sturdy habit. Per pkt., 50c.

“Beauty” (Tom Thumb)

Glowing carmine rose, mass of flowers, about 9 inches high. Per pkt., 50c.

Gypsophila Paniculata Fl. Pleno

“Snow White”

A serious drawback to the usefulness of the popular Double Perennial Gypsophila has hitherto been that it is not a really pure white. After a number of years of careful selection, we have succeeded in obtaining a strain of which the flowers are of an absolutely pure white. Another valuable feature of this novelty is that it produces a larger percentage of double flowers than the old type. Per pkt., 50c.

Hollyhock, Double

“Exquisite”

The flowers of this splendid new Hollyhock are very large, measuring 4 to 5½ inches across, and possess the charming new feature that every petal is exquisitely curled and fringed. The flower is extremely double, and each white-margined petal is adorned with a large blotch (suggesting the markings of a Pelargonium), and the range of color at present includes rose, light rose, carmine rose, violet and dark blue. Per pkt., 50c.

Statice Sinuata

“True Blue”

A common objection to the popular blue annual Statice is the frequently undecided character of its tint, which tends to shade off into a pale lilac. The novelty we now offer has flowers of rich navy blue, though somewhat less deep in tone, and we are convinced that for garden decoration, and as a cut flower this fine new strain will soon be in great demand. Per pkt., 25c.

Two New Streptocarpus

“Baroness Inverforth”

Award of Merit, R.H.S., Holland House Show, July 5, 1921

A new break in Streptocarpus. This is a deep carmine color, is heavily fringed, throws large flowers and stands well. Per pkt., \$1.00.

“Mauve Queen”

Award of Merit, R. H. S., June 21, 1921.

A fine self mauve, with white throat; tremendous flower, often measuring over 4 inches across; upright habit. Per pkt., \$1.00.

Stock Biennial Winter Wallflower Leaved

“White Beauty”

This splendid new stock grows 1½ to 2 feet high, and branches freely after the manner of the well-known variety “All the Year Round.” It is, however, considerably taller and bears much larger spikes of bloom. The individual flowers are large and of a glistening pure white, the effect of which is enhanced by contrast with the shining bright green foliage. Per pkt., 50c.

Verbena Hybrida Compacta Grandiflora Auricula-Eyed

“Royal Bouquet”

The race we now offer marks a new era in the development of the upright-growing Verbena. It forms a plant 15 to 18 inches high and not more than 10 inches across, no lateral branches being thrown out, and what gives this novelty its special value is the fact that the flowers will compare in size and variety of color with those of the finest strains of Auricula-Eyed Verbena. Per pkt., 50c.

European and American Novelties for Season 1922—Continued.

NOVELTIES IN SWEET PEAS FOR 1922

BUNTY (Ireland & Hitchcock)

A variety very difficult to describe; the standard is orange salmon, and the wings rosy salmon. Is beyond question the best of this color section. A strong grower, plenty of flowers finely placed. No exhibit will be complete without it. First prize in Novelty Class, N. S. P. S., 1920. Per pkt. (12 seeds), 50c.

CAPTAIN CHAS. BURGESS

A bright salmon pink on white ground, the nearest to true apple-blossom coloring. Makes a very attractive bunch. Per pkt. (12 seeds), 35c.

CHELSEA (Bolton)

One of the most beautiful and distinct Sweet Peas ever sent out. To describe it fully almost defies description. This lovely variety stands out alone for its delightful and pleasing blending of colors. The standard is a rich buff salmon, while the wings are pink flushed apricot, a remarkable combination of color, often seen in shot silk. A very vigorous grower, throwing abundance of four and five flowered sprays. Per pkt. (10 seeds), 50c.

COLNE VALLEY (Bolton)

Award of Merit, R. H. S. and N. S. P. S.

A grand lavender blue self, which will be in great demand for exhibition. The color is quite distinct from anything seen in Sweet Peas. This is sure to be a popular variety on account of its pleasing and taking color. Besides being such a vigorous grower, the flowers are of extraordinary size and well frilled, with a large percentage of four and five flowered sprays. Per pkt. (10 seeds), 35c.

CONQUEST (Dickson)

A distinct and most attractive variety, both for exhibition and house decoration. The large and beautifully waved flowers are flushed and deeply edged rich salmon pink on a glistening pure white ground. Per pkt. (12 seeds) 50c.

EDITH

A rich bright rose pink, suffused salmon on white ground, with many double standards. Per pkt. (12 seeds), 35c.

FLORADALE PURPLE

Floradale Purple is a rich warm shade of rosy purple, decidedly brighter than that old favorite, Royal Purple, and just a trifle lighter. The standard has a decided lustrous sheen overlying or suffusing it, thus giving the entire flower a shining brightness quite distinct to other Sweet Peas of similar shades. It is vigorous and strong in habit, with immense flowers borne on very long, stout stems. Awarded Certificate of Merit by the American Sweet Pea Society, and by the Pennsylvania Horticultural Society. Per pkt. (20 seeds), 30c.

GIANT WHITE (Burpee)

The finest White Sweet Pea yet introduced. Of gigantic size, exquisite form. Black seeded. Per pkt. (20 seeds), 30c.

GLORIOSA (Bolton)

Award of Merit N. S. P. S., and Reserved for Gold Medal for Best Novelty of the Year.

This charming novelty is acknowledged by leading experts to be the finest and most brilliant Sweet Pea yet obtained. The plant is very vigorous and produces abundance of four-flowered sprays of the largest size. The color is a fiery orange scarlet with glowing orange sheen. Very scarce. Per pkt. (10 seeds), 50c.

RECENT NOVELTIES IN SWEET PEAS

Bridesmaid

The finest cream Sweet Pea. Per pkt., 35c.

Caress

Soft, rich shell pink. Per pkt., 35c.

Edith Cavell

Large bright rose on cream ground. Per pkt., 30c.

Giant Attraction

Warm shell pink. Very large. Per pkt., 35c.

Gladys

Lovely shade of pure lilac. Per pkt., 35c.

Hawlmarm Maroon

Color unique, rich red maroon. Per pkt., 35c.

Improved Margaret Atlee

The best cream pink. Per pkt., 25c.

Le Mahdi

Rich, beautiful shade of purple. Per pkt., 35c.

HAWLMARK CERISE (Dickson)

Award of Merit, N. S. P. S.

The finest cerise self-colored Sweet Pea. The flowers are of extraordinary size, of glowing rose cerise color on cream ground, beautifully waved and borne invariably four to a stem in great profusion. Per pkt. (12 seeds), 50c.

HAWLMARK SALMON-PINK (Dickson)

This most refined and beautiful Sweet Pea has the same tone of pink as Hawlmarm Pink, but is a distinct acquisition to it, having the addition of a most pleasing and desirable rich salmon shading over the entire flower. The plant is a vigorous grower, producing flowers of largest size and finest form; on long, strong stems, four and even five blooms on a stem. Per pkt. (12 seeds), 35c.

MASCOTT'S INGMAN (Ireland & Hitchcock)

First Prize in the Novelty Class, N. S. P. S., 1921

A gigantic Sweet Pea; the color a rich rosy carmine. No variety can equal it for size, form, substance and freedom of flowering; in fact, it may be termed the King of Sweet Peas. Per pkt. (12 seeds), 50c.

MATCHLESS (Bolton)

In 1908 we introduced the first Cream Spencer named Clara Curtis, which easily led the way as the finest cream till 1916, when we put on the market Felton's cream, which was soon on top of the cream section. Now in Matchless we have another great advance. This new variety is out of the same cross as Picture, having the same size and vigor. The color is deeper than any other cream, and more frilled and sweet scented. There is no difficulty in getting four and five flowered sprays. Very scarce. Per pkt. (10 seeds), 50c.

RAVENSWING (Dickson)

The darkest of all Sweet Peas, as intense in color as the Black Pansy. The plant is very robust and extremely free flowering, the flowers are of good size and beautifully waved. A very striking novelty. Per pkt. (12 seeds), 50c.

SCARLET DUPLEX

An intensely rich glowing scarlet crimson, which does not burn in the hottest sun. On the sprays of four-flower the three lower are usually double. Per pkt. (10 seeds), 30c.

SUNSET (Bolton)

Award of Merit, R. H. S. and N. S. P. S.

This variety is the strongest Sweet Pea yet introduced. The standard is a bright rose, flushed with a glowing cherry red. The wings are bright rose with golden blotch at the base, which gives the flower a very bright and effective appearance. There is no difficulty in getting six, seven and even eight flowered sprays. Per pkt. (10 seeds), 35c.

UNWIN'S CRIMSON

A large rich crimson self, with suffusion of scarlet. Quite sun-proof and very vigorous. Per pkt. (12 seeds), 35c.

Mascott's Scarlet

The color is a dense rich shade of scarlet. Per pkt., 35c.

Mildred Howard

A bright warm shade of pink. Per pkt., 35c.

Myrtle

A 1921 Novelty, cream shaded violet rose. Per pkt., 35c.

Picture

A 1921 Novelty; color pink, shaded apricot; size enormous; form superb. Per pkt., 35c.

Rosalind

Bright deep rose, shaded salmon. Per pkt., 25c.

Royal Scot

The last word in scarlet, will be in every exhibitor's collection. Per pkt., 35c.

Sensation

Rich dazzling scarlet. Per pkt., 35c.

RECENT NOVELTIES AND SPECIALTIES

Seven Grand New Sorts of Giant-Snapdragon ANTIRRHINUM MAXIMUM

"Golden Queen"

Splendid deep golden-yellow with rosy-lilac throat. The flowers are so closely packed along the shaft that it often resembles one of Gladiolus. Per pkt., 50c.

"Canary-Bird"

A pure and delicate canary-yellow without any different shades or markings; of great beauty. Per pkt., 50c.

"Rose King"

The plant throws up a noble spike bearing immense flowers of a brilliant carmine rose, deepening toward the center. Makes a glow of color of splendid effect. Per pkt., 50c.

"The Rose"

Flowers of extraordinary size and the same fine and tender rose color as "Rose Queen" in the grandiflora class. Per pkt., 50c.

"Cattleya"

A very delicate rosy-lilac, over which is spread a silvery lustre; lip golden yellow. Per pkt., 50c.

"Copper King"

Rich, velvety and glossy copper-scarlet. The flowers open bright scarlet; later on it matures into a warm coppery hue. Per pkt., 50c.

"Diamond"

Carmine-scarlet with golden-yellow lip and lilac-red throat; the three colors make a grand effect. Per pkt., 50c.

ASTER OSTRICH PLUME

"Snow Queen"

The blooms are magnificent, and of the purest snowy white. We can recommend this novelty for garden decoration and for cutting. Per pkt., 35c.

NEW AMERICAN BEAUTY ASTERS

Lavender Beauty, Grey Lavender.....Pkt., 25c.
September Beauty, Flesh Pink.....Pkt., 25c.
Purple Beauty, Violet Purple.....Pkt., 25c.
Carmine Beauty, Carmine Rose.....Pkt., 25c.

BEGONIA SEMPERFLORENS Fibrous-Rooted

"The Crag" (New)

The best bedding variety in existence. Color rose-pink, rich bronze foliage. Per pkt., 25c.

BRACHYCOME IBERIDIFOLIA

"Summer Beauty"

We think the present novelty will enhance the popularity of this charming West Australian species. Of about 8 inches in height, the plant forms erect little bushes, thickly bespangled with flowers of pleasing soft mauve tint, with a dark center. Per pkt., 35c.

BROWALLIA SPECIOSA GRANDIFLORA ALBA

The much branched plants, elegant in habit, about 15 inches high, are for the greater part of the year covered with pure white star-like flowers, splendid for outside planting and unrivalled as a pot plant. Per pkt., 35c.

CALCEOLARIA, RACEMOSA HYBRIDA

A quite new type in the shrubby class, of sturdy growth, about 2 feet high. The rich varied colors appear in a wide range from clear yellow to deep, dark brown. Per pkt., 50c.

CALCEOLARIA

"Buttercup"

This very attractive and gorgeous hybrid will prove the most decorative of all for the cool conservatory or for summer bedding. Its large, vivid golden yellow flowers are produced in great abundance on stout wiry stems. Per pkt., 50c.

CALLIOPSIS TOM THUMB

"Star of Fire"

The plant is one foot in height, a mass of bloom, with Cactus-shaped, fiery red-colored flowers, brighter than any Calliopsis previously introduced. Per pkt., 25c.

CHRYSANTHEMUM MAXIMUM

"Mayfield Giant"

Truly a Giant Daisy. Large snow-white, well formed, flowers, bearing a double row of petals and produced in great profusion on long stout stems, excellent for cut flowers. Per pkt., 35c.

CLARKIA ELEGANS FL. PL.

"Dorothy"

A brilliant rose, identical in color with the well-known climbing rose "Dorothy Perkins." The flowers are very double. A lovely new shade in this fine class of Clarkia. Per pkt., 35c.

NEW DOUBLE CRESTED COSMOS

These beautiful cosmos, which are commonly called double, are not fully double, but are double-crested, having double centers and a row of petals around the base of the flower.

Pink Beauty, Soft Pink.....Per pkt., 35c.

Crimson King, Dark Crimson.....Per pkt., 35c.

White Queen, Pure Whiteper pkt., 35c.

CYCLAMEN PERSICUM GIGANTEUM

"Brilliant Salmon Scarlet"

The brightest color in Cyclamen, being the nearest approach to scarlet that we have seen; perfect habit and exceptionally free flowering. Per pkt., 50c.

DAHLIA

"Peter Pan"

A charming novelty. The compact little bushes do not exceed 18 inches to 2 feet. Flowers anemone-shaped. The coloring is bright and most varied in character. Per pkt., 50c.

DELPHINIUM

(ANNUAL) "Blue Gem"

The height of the plant is 9 to 12 inches, and the flower is large and of a beautiful deep blue. It makes an excellent pot plant. Per pkt., 50c.

HELIOTROPE "Regale"

Dwarf Giant Flowered Heliotrope. This is a very fine improved variety of dwarf habit. Flowers early, with large masses of bloom. Per pkt., 25c.

LOBELIA ERINUS COMPACTUS

"Blue Bird"

This novelty, though smaller in habit than Blue Wings, is somewhat larger than Mrs. Clibran, and possesses a distinct white eye, and forms in the mass a sheet of bright ultramarine blue, which will be found most satisfactory and effective for all bedding schemes. Per pkt., 50c.

LUPINUS

Laxton's Hybrids (New)

A new strain of perennial Lupins. The colors include nearly all shades of blue, yellow and rose, and combinations of the same tints in various forms. Many are sweet scented. Per pkt., 60c.

"Regal Lupins" (Harkness), New

A grand strain, embracing innumerable new and delicate tints. Hardy perennials. Per pkt., 60c.

LYCHNIS

Lychnis Arkwrightii (New)

A new herbaceous border plant, also eminently adapted for Summer bedding, making a gorgeous and long-lasting display. In many new and lovely colors. Per pkt., 25c.

PETUNIA

"Violet Queen"

A magnificent bedding variety. Color, a rich violet blue. Per pkt., 50c.

NEW DOUBLE ANNUAL POPPIES

"Ryburgh Hybrids"

Plants of bushy habit, carrying long-stemmed flowers in charming shades of flesh, salmon, orange, and various shades of rose and carmine. Excellent for cut flowers. Per pkt., 50c.

DOUBLE QUEEN POPPIES

A most lovely strain of hardy annual Poppies, producing in abundance flowers of the Shirley type, but double, of the most delicate and brilliant colors, ranging from palest pink through shades of rose and salmon to rosy-scarlet. Height, 2 feet. Exquisite as cut flower. Per pkt., 25c.

NEW DOUBLE WHITE PRIMULA

"Malacoides Alba Plena"

(Award of Merit, Royal Horticultural Society)

A novelty of sterling value, and easily cultivated, as is the well-known and deservedly popular Malacoides single. The flowers are produced in great profusion. Per pkt., \$1.00.

PRIMULA MALACOIDES PL. FL.

A double or semi-double form of the variety P. Malacoides Superba. The flowers are a deep rosy pink, of good size and form. An excellent pot plant. Per pkt., 50c.

PRIMULA EUREKA

Award of Merit

Eureka is akin to Obconica, but of an entirely new form. The compact flower heads have more the appearance of "Sinensis," large, well-shaped flowers, with broad, over-lapping petals and are carried well above the foliage on stout stems; are of a rich, rosy carmine, shaded cerise. The foliage is also quite distinct. It is practically perpetual flowering. Per pkt., \$1.00.

Recent Novelties and Specialties—Continued.

PRIMULA "Malacoides Superba"

A new and improved variety, flowers larger and much deeper in color than the old Malacoides. The color is deep rosy pink, a great improvement. The habit of the plant is also better than the old variety. Per pkt., 50c.

PRIMULA SINENSIS FIMBRIATA, FL. PL.

New Giant Double Snow White (Novelty)

A perfect double Primula, flowers purest white, large and well fringed, a great improvement. Per pkt., \$1.00.

PENTSTEMON HYBRIDUS GRACIELLA

Seedlings, sown in gentle heat during February-March, will flower the same year, about the beginning of September. The erect and diffusely branched panicle reaches about 1 to 2 feet, with often 15 flowers, these single flowers being about 2 inches in length and 1 inch in diameter. Colors vary from nearly white to deep crimson, with shades of lilac and violet. Per pkt., 50c.

SALVIA "Forest Fire"

For effect Forest Fire is unsurpassed. The plant when in full bloom is about 3 feet high. The individual spikes, which are of a brilliant scarlet, measure 6 inches across. Pkt., 25c.; ¼ oz., \$2.00.

SCHIZANTHUS WISETONENSIS "Pink Pearl"

In every respect equal to its parent—the beautiful "Snowflake." The glistening white of the corolla is set off by a broad rosy pink margin on the wing and lip petals. Elegant pyramidal habit. As pot plants, these are unsurpassed. Per pkt., 50c.

STATICE SINUATA "Rosea Superba"

The flowers of our new strain are of a consistent bright rose tint, and it will doubtless prove a valuable acquisition, as a good rose shade has long been sought after as a worthy companion to the blue and white varieties. Per pkt., 25c.

FOUR NEW ZINNIAS

The Dahlia Flowered Zinnia

This is unquestionably the best of novelties in Zinnias. The flowers have a wide range of color, including beautiful shades of Chestnut-Orange, Tyrian-Pink, and other pleasing combinations of colors never seen in Zinnias before. Per pkt., 35c.

"Rose King"

A variety bearing flowers of a beautiful carmine rose tint, a color which did not hitherto exist in this section. The flowers are of immense size, probably surpassing those of any other Zinnia. Per pkt., 35c.

NOVELTIES AND SPECIALTIES IN VEGETABLE SEEDS

CUCUMBER

"Every Day"

(First Class Certificate, Royal Horticultural Society)

This Cucumber was raised at the Royal Gardens, Windsor. It is dark-skinned, very handsome in shape, most prolific, and of splendid flavor. It has hardly any neck, but a nice sloping shoulder. Per pkt., 50c.

LETTUCE

Kelways Silver Cos

The most highly selected White Cos Lettuce in cultivation. Grand for exhibiting. Per pkt., 25c.

VEITCH'S SCARLET — FLESHED MUSK MELON

"King George"

This is one of the best recently raised. It is beautifully netted, emits a rich aroma, and is particularly thick in the flesh. The color is a scarlet orange throughout, the outer skin being green and quite thin. It is exceedingly juicy and the flavor excellent. It is a very free setter, and can be grown with or without heat. Per pkt., 50c.

SWEET CORN (New Early Hybrid)

"De Lue's Golden Giant"

De Lue's Golden Giant has become the standard of perfection for Sugar Corn the world over. It excels all other early varieties in size, productiveness and quality. Sent out in originator's sealed packages. Per pkt. (4-oz.), 40c., (8-oz.), 50c., (16 oz.), 75c.

THE BLUE LACE FLOWER

"Queen Ann's Lace"

An old, almost forgotten favorite. This lovely annual has again become extremely popular, on account of its beautiful lace-like flowers of a delightful lavender blue color. Per pkt., 50c.

TRACHELIUM COERULEUM

A free-growing greenhouse annual, having large cloud-like heads of tiny flowers, somewhat resembling Gypsophila. Height about 18 inches. If large plants are required, a sowing should be made at the end of June and the seedlings grown steadily on, repotting as needed up to the 10-inch or 12-inch size. In this way fine specimens 5 feet in height may be obtained. Per pkt., 50c.

THREE NEW GIANT VERBENAS

"Rose Queen"

This superb new variety bears flowers of a lovely delicate rose. The individual blooms are unusually large, often exceeding 1 inch, and sometimes attaining 1½ inch in diameter. Per pkt., 50c.

"Scarlet Queen"

Produces flowers of the most vivid scarlet. The blooms often exceed an inch in diameter, and nothing finer can be conceived for striking bedding effects. Per pkt., 50c.

"Snow Queen"

A really giant-flowered Verbena. Of a pure, snowy white, and nothing can exceed it for the decoration of beds and borders. Per pkt., 50c.

WALLFLOWER

"Golden Mascott"

A sterling novelty, and quite distinct from any existing yellow Wallflower. Habit, sturdy, erect and compact. Flowers large, and a clear golden yellow. Very early and free flowering. Per pkt., 50c.

"Double Giant Picotee"

Resembling Picotee Carnations, orange, flesh, lemon, pink and cerise. This fine novelty has been pronounced the most attractive thing in Zinnias. All colors mixed. Per pkt., 35c.

"Achievement"

The raising of this beautiful new Zinnia is undoubtedly an "achievement." Its petals are partially tubular at the base, and expand in a cactus-like form toward the tip, displaying a rich variety of color, such as pale rose, deep rose, salmon, lilac, scarlet and coppery golden yellow. Per pkt., 35c.

NEW TOMATOES (English Introduction)

"Orange Sunrise"

This superb new tomato is the result of a cross between the best of red and yellow varieties, and bears fruit of a bright orange color. Of rounded form, medium size and earliness, and appearing in large clusters, it is equally suitable for indoor and outdoor culture. Per pkt., 60c.

"Scarlet Beauty"

A grand new variety. The fruit is of a rich deep scarlet, measuring about 7 inches around; smooth and glossy, with a deep flesh; almost without a core. Each plant bears a wonderful crop of heavy trusses on short joints, the produce from some plants being as much as 15 to 18 pounds of fruit. It is also a wonderful bearer as a pot plant. Per pkt., 60c.

"Fillbasket"

A healthy and vigorous cropper of well-formed, medium-sized scarlet fruit; excellent for forcing. Per pkt., 25c.

NEW VEGETABLE MARROW (Hybrid)

"Rotherside Orange"

This new and quite distinct form of Vegetable Marrow has a delicate flavor that pleases all who have tried it. The fruits are globe-shaped, of a deep golden color; in appearance it is more like a melon than a marrow. Per pkt., 50c.

For Complete List of Seeds, etc., See our General Catalogue for 1922.

Mailed free upon application.

NOTE—We make a specialty of Grass Seed Mixtures for all situations.
